To Whom It May Concern

Since participating in a mastermind group and training with Jill nearly two years ago, I find that I regularly both thank, and curse, Jill!

She has this knack of delivering AAI's (Attitude Adjusting Insights) that just don't let me stay in my comfort zone! Conversations with Jill are simply inspiring and enervating. I always leave her company inspired by what is possible.

She knows how to stretch you so that you can never go back to the way you were, but like everything worthwhile it takes effort, and that's where Jill comes in once again with her fantastic and brilliant AAI's.

Whatever you do, join Jill in her new venture – DMA, you won't regret it!
